Dance...

Dance...

Ohhh...

Chorus 1:

I just wanna dance

I just wanna dance

I just wanna dance my fears away

Come on take a chance

Come on take a chance

If you wanna dance your fears away

I just wanna dance

Verse 1:

I'm feeling fancy free

Just like a summer breeze

That mouth you do the talking

I'm not afraid anymore

Music's my energy

So when I hear the beat

It's like it's calling me to be whatever I want to be

Chorus 2:

The good days

The silver lining

The sun is shining

Only everyday

So when I'm sad

I don't have to worry

Cause playing here's what I say

Chorus 1:

I just wanna dance

I just wanna dance

I just wanna dance my fears away

Come on take a chance

Come on take a chance

If you wanna dance your fears away

I just wanna dance

Verse 2:

The music's got me going
The light keeps shining on me
I'm living it all I got
There ain't no stopping no...
I'm in the zone
Burning up the floor
Just tryna have fun ohhh

Chorus 2:
The good days
The silver lining
The sun is shining
Only everyday
So when I'm sad
I don't have to worry
Cause playing here's what I say

Chorus 1:
I just wanna dance
I just wanna dance
I just wanna dance my fears away
Come on take a chance
Come on take a chance
If you wanna dance your fears away
I just wanna dance

Bridge:
I'm feeling the rhythm
I just can't let go
I wanna fly
The music's taking my soul

Oh oh

Chorus 1:
I just wanna dance
I just wanna dance
I just wanna dance my fears away
Come on take a chance
Come on take a chance
If you wanna dance your fears away
I just wanna dance
