In all the violent loud and bright
Are you more alive
You'll crush it down in gentle breath 'til it breathe just
right

Don't you feel love
Don't you feel love
Don't you feel so much better now?

Don't you feel love
Don't you feel love
Don't you feel so much better
Now that you can see through
Oh, nothing can reach you

You'll stay awake for several days
Cause nothing sounds right
Sometimes, some time is all it takes to change your
mind

Don't you feel love
Don't you feel love
Don't you feel so much better
Now that you can't see through
Oh, nothing can reach you

Aching in the absence
Wondering where you've been
Oh, and you'll hardly know
Will you always be the one who wants to love but never
will?

Don't you feel love
Don't you feel love
Don't you feel so much better now?

Don't you feel love
Don't you feel love
Don't you feel so much better
Now that you can see through
Oh, nothing can beat you
