You were  
Starving yourself in the name  
Of anyone and anything  
That you thought could lose  
The love you saved  
Quickly comes the wrecking ball  
Tearing you like tired walls  
Crumbling with all you had to give  
Builds you back as something new  
With skin that don't remember you  
Paints you  
In an awful place to live  
When you start feeling  
Like a stranger to yourself  
And missing

Who you were before you  
Became someone else  
I'll be sleeping  
With my soul in  
Scared to death  
You're waking up  
To nothing again  
In a blur your days confuse  
The faces staring back at you  
For angels  
That used to share your bed  
While things  
You never thought you'd do  
And paths  
You never thought you'd choose  
Are becoming  
All of you that's left
