There's a fire forming, not too far from here  
Along the east coast maybe, it resides in you, my dear  
Worn out on our courtesy, we've made our curtain calls  
Like vampire bats deprived of blood, into the New York  
City night we crawl

And you've got a funny way of showing off your  
bathroom surgery  
You said you were just cooling down from plans of  
leaving me  
There's something I should tell you, for we may not  
have much time  
I've never met arms like yours

The stars at night are big and bright  
Deep in your eyes, Miss Vincent  
You told me once I made you smile  
But we both know damn well I didn't  
I'm not much of a jester, but I'd test poisoned food for  
you  
Your majesty, you're royal blue  
I'm royalty, my king of pain

There's a hard rain falling, flooding your attic, it's clear  
Can't put out the fire that resides in you, my dear  
There's something I should tell you, for we may not  
have much time  
I've never seen scars like yours

The stars at night are big and bright  
Deep in your eyes, Miss Vincent  
You told me once I made you smile  
But we both know damn well I didn't  
I'm not much of a jester, but I'd test poisoned food for  
you  
Your majesty, you're royal blue  
I'm royalty, my king of pain

The stars at night are big and bright  
Deep in your eyes, Miss Vincent  
You told me once I made you smile  
But we both know damn well I didn't

I'm not much of a jester, but I'd test poisoned food for  
you  
Your majesty, you're royal blue  
I'm royalty, my king of pain
