[Chapter I - The Awakening]

Falling...  
Dreaming...  
Forever illusions...  
A nameless son...

[Chapter II - The Falling Star]

I smile at the rising sun  
It fills my heart with fire  
I touch the green leaves  
Oh, They're thinking about me  
Clouds are opening now  
To let my lungs breathe light  
I feel the night is coming, bright

The falling star crosses the dark with my dreams on  
the top

The world's in my hand  
Just with power of mind

Falling, crawling  
It's falling, another dream when I found out  
The world is just a place  
Where animals try to survive  
Dead nature to my eyes  
A veil is hiding my light  
Or is it a fault, forever illusions?  
Forever shall I be  
A nameless son?...

I woke with shadow, darkness  
I felt the useless sense of my life  
The falling stars crashed to the ground with my  
dreams on the top  
The world in my hand, just with fear that the void is true

Falling, crawling  
It's falling, another dream when I found out  
The world is just a place

Where animals try to survive  
Dead nature to my eyes  
A veil is hiding my light  
Or is it a fault, forever illusions?  
Forever shall I be  
A nameless son?...

Live, fight, kill  
I try to survive  
Cheat, steal, win  
Show your strength  
"Sometimes I dream of a utopian mankind  
Coming from the same place - lasting forever"

[Chapter III - Visions and Doubt]

She smiles in peace of hope  
Sitting on that stone  
There by the shore  
Dance her notes across the water  
Suspended on a breath of air fly on  
They come to the ears of the snake

Crawling on the friend snake  
Biting on her neck the faithful lady  
Behind her eyes the sun's still shining  
Joyful and magical as before

As in your eyes!

So many times I have dreamed of a sphere  
The whole infinite I found just by looking through your  
eyes  
Could it be just fear of nonsense  
A dream of omnipotence  
Now I'm gonna open that door  
Soon, the time will come to know  
Maybe we'll return

I have fallen on my knees  
Have fallen another dream when I have found  
An empty door I would have opened...  
Dead nature to my eyes  
A veil is hiding my light  
Or is it a fault, forever?  
Forever shall I be a nameless son?...

Falling, crawling  
It's falling, another dream when I found out  
The world is just a place  
Where animals try to survive

Dead nature to my eyes  
A veil is hiding my light  
Or is it a fault, forever illusions?  
Forever shall I be  
A nameless son?...
