If you feel like running today  
You know I'd understand  
You don't but you long

It's easier to get away  
When on the other hand  
You know I'm not much better without you  
I'm like your victim and all that you need is an alibi  
It's one thing about you  
I don't wanna make you cry

Damn girl  
Dry your eyes  
You stole my heart and then you kicked it aside  
No girl you can't see  
When he's inside you know there's no room for me

If you can take a chance  
Find you that better man  
A life seized from your quick disease  
You're giving all my loving away  
Tell me to understand  
Cuz you know  
I'm not much better without you  
I'll press your lips and I taste everyone that you've had  
tonight  
It's one thing about you  
I don't wanna taste tonight

Damn girl  
Dry your eyes

You stole my heart and then you kicked it aside  
No girl you can't see  
When he's inside you know there's no room for me

And I used to think that I was all you would need  
Nah nah nah  
There you go again  
Nah nah nah  
Ooh you think that you could just push me around  
Nah nah nah

Yeah there you go again  
You lift me up and then you throw me back down

Damn girl  
Dry your eyes  
You stole my heart and then you kicked it aside  
No girl you cant see  
When hes inside you know theres no room for me

Damn girl  
Dry your eyes  
You stole me heart and then you kicked it aside  
No girl you cant see  
When hes inside you know theres no room for me  
And I used to think that I was all you would need

If you feel like running today you know Id understand
