You're sweet just like the sun  
But what happens when the sun doesn't stay?  
The night reminds me when you went away  
I don't care, I don't care  
Now my mind was pacing, heart is racing  
Contemplating things that I lack  
Even though you left me by myself, do I want you back?

Will you stay or will you walk?  
Will you let go?  
Leave me all alone  
I'm giving you one more chance  
To make things last  
Ring around the roses then shall see

Leave me once  
Leave me twice  
Kiss good bye that will suffice  
When you go away  
Don't look back  
Leave me once and I'll be fine  
Leave me twice, I'll make you mine  
Just one more chance to make it once again

As the days go by, I am asking why did you leave?  
You left me alone and then you walked out on me  
I don't care, I don't care  
Thinking of days, thinking of ways, thinking of things  
To you that I should say  
I wanna be with you and that's the only way

Will you stay or will you walk?  
Will you let go?  
Leave me all alone  
I'm giving you one more chance  
To make things last  
Ring around the roses then shall see

Leave me once  
Leave me twice  
Kiss good bye that will suffice  
When you go away

Don't look back  
Leave me once and I'll be fine  
Leave me twice, I'll make you mine  
Just one more chance to make it once again

Don't say good bye, just dry your eyes  
A tear for everything that I did wrong  
Don't say good bye, just dry your eyes  
Listen now just try and see me, please don't leave me  
now

Leave me once  
Leave me twice  
Kiss good bye that will suffice  
When you go away  
Don't look back  
Leave me once and I'll be fine  
Leave me twice, I'll make you mine  
Just one more chance to make it once again
