Spin round  
Tell me what to say  
Break down  
And no other way

What is it  
Is this it  
This is it

Back to  
I never knew your name  
Stick through  
Soon after the rain

She shines  
How she shines  
This is it

And shadows blend one last time  
(save those kisses)  
Your picture speaks on this time  
(eyelash wishes)

Cause I've been up 3 day  
Awake Awake  
2 more weeks  
And I'm turning to fade

The world still turns  
What makes sense  
Stretch this song to a fever cadence

Up 3 days  
Awake Awake  
2 more weeks  
And I'm turning to fade

And all things close  
All I wish  
Never change these distances

Green eyes

Everything I see  
Green skies  
If left up to me

And I know  
And she knows  
This is it

And shadows blend one last time  
(save those kisses)  
Your picture speaks on this time

(eyelash wishes)

Cause I've been up 3 day  
Awake Awake  
2 more weeks  
And I'm turning to fade

The world still turns  
What makes sense  
Stretch this song to a fever cadence

Up 3 days  
Awake Awake  
2 more weeks  
And I'm turning to fade

All things close  
All I wish  
Never change these distances

Just be brave  
Just listen to me  
Your heart gives mine reason to beat  
Now

Cause I've been up 3 day  
Awake Awake  
2 more weeks  
And I'm turning to fade

The world still turns  
What makes sense  
Stretch this song to a fever cadence

Up 3 days  
Awake Awake  
2 more weeks  
And I'm turning to fade

All things close  
All I wish  
Never change these distances

And shadows blend one last time  
(save those kisses)  
Your picture speaks on this time  
(eyelash wishes)
