If only for tonight,  
Yeah, I could dig myself a grave  
But even 6 feet down  
I know I'd be found feelin' this way  
If only I could find  
Yeah, just a reason to believe  
That there's nothin' that's up your sleeve  
Even tho you're wearin' that tank top  
Love me or leave me but just not behind  
We don't need money the way we spend time  
'Cuz if it's real tonight,  
You and I could really be somethin  
You'll go fast, I'll go slow  
Meet you in the middle just to let you know  
That it's gonna be alright, (it's gonna be alright)  
If it's me and you tonight (if it's me and you tonight)  
Are you ready now  
You'll go fast, I'll go slow  
Light my fuse and your body explodes  
It's gonna be alright (it's gonna be alright)  
Are you ready now, I'm ready now  
If only I were bright  
And I could let go of my brain,  
Put a tourniquet on  
And your sweet injection into my vein  
And oooooooh, that's the stuff  
And I say that you're the drug,  
12 steps wouldn't be enough to kick  
You're just that rough  
Make me a crazy I just can't define,  
There's not a closet for you in my mind.  
But you puzzle me tonight,  
Let's play with your bits and pieces  
You go fast, I go slow,  
Meet you in the middle just to let you know  
That it's gonna be alright, (it's gonna be alright)  
If it's me and you tonight (if it's me and you tonight)  
Are you ready now  
You go fast, I go slow  
Put her in drive and the car just goes  
It's gonna be alright (it's gonna be alright)  
Are you ready now, I'm ready now.

(Baby) Ooh I'm gonna take my time (I need you baby)  
If you stay with me once again, once again  
It's a heaaaaaaart attack, heart attack  
Cuz I want you so bad (ooh I want you, too)  
But I hope it's like (it's like)  
You go fast, I..go..slow.  
You go fast, I go slow,  
Meet you in the middle just to let you know  
That it's gonna be alright, (it's gonna be alright)  
If it's me and you tonight (if it's me and you tonight)  
Are you ready now  
You go fast, I go slow  
Light my fuse and your body explodes  
It's gonna be alright (it's gonna be alright)  
Are you ready now, I'm ready now.  
Uh huh, are you ready now..? x4
