Say the words I cannot say  
Say them on another day  
Fragile words like these will cut your tongue  
Was I good enough? Was I bad enough?  
When I wanted more, yeah, yeah you had enough.  
But nobody's gonna try for you. Nobody's gonna do like  
I for you.  
And every slow-lit cigarette  
That nervous hands can barely get  
The courage I could always feel your eyes  
And those dresses you made look like gowns  
You're a sinner but the devil even turned you down  
Cause nobody's gonna try for you.  
Nobody's gonna do like I for you.  
And nobody's gonna try for you.  
And nobody's gonna lie for you.  
Nobody's gonna do like I for you.  
Hold me like you never could,  
I'll hold you like I said I would.  
Air or light won't breathe nor shine between.  
With your feather lips, yeah you fly away  
Well I hope they come back down someday, cause  
Nobody's gonna try for you.  
Nobody's gonna do like I for you.  
Somebody's getting by for you.  
I don't bend, I just break in two.  
Somebody like me...  
I'd die for you.
