People say, everyday
but she's taking you away
and I wish you'd leave her
everytime I see her

I ask you why, why did she lie
about the times with all those other guys?
I can see it a mile away

Will she hurt me once again, will you ask her?
I'll tell her that's not why I'm all about
I'll stop hurting all my friends, we're O.k!

He's dating Casper and he's afraid to ask her for his
manhood back
please give me my friend back
He's dating Casper, he's heart races faster just for her
Why can't we be like we were?

Please go away!
Away!
Why Can't we be li
