[Verse 1]

What makes you so damn sure
That you're perfect, huh?
I can't explain you
Just like a nightmare
I can't remember
What makes you so damn sure
That you're worth it huh?
You're just a bad trip
I can't come back from since last December

I walk into the room and you steal everyone
I see you walk into the room
And you kill everyone cause I know

[Chorus]

My someday's gone now
Bye bye
My someday's gone now
Bye bye just let it go

[Verse 2]

How did you figure that I let you cut me down
Right at the knees
I fall like a dead man out of the airplane
How do you figure that I let you drag me around, huh?
You got my number draw me a story tell me a picture
I walk into the room and you've had everyone
And then you walked into the room, its so sad
everybody already knows

[Chorus]

My someday's gone now
Bye bye
My somedays gone now
Bye bye
Just let it go

[Bridge]

'Cause even when I live, a piece of me will die

Win some, lose some, she won't bat an eye
Maybe when I sleep,
I'll see you in my dreams
Forget about it one day
Damn I see you walk into the room and you've fucked
everyone
And then you walked into the room well so what
everybody already knows

[Chorus]
My someday's gone now
Bye bye
My someday's gone now
Bye bye
My someday's gone now
Bye bye

Let it go
Let it go
Let it go
Let it go
Let it go
