So...tell me about your mother

[Verse 1]

Doctor, doctor, could you please just give me
something for the state I'm in

I'm having trouble in society, believe I've got it wrong
again

I'm one month sober I don't think I'm getting over my
predicament

But if I jumped out of the window what would you say?

[Chorus]

It's not on me, it's all on you

We can't deny, the things we do

I can't believe, her pretty feet, walked over me

All over me

[Verse 2]

Help me, help me, doc, it seems to be an awful lot for
me to understand

I know I'm not a specimen, my troubles and the mess
I'm in I should be dead

He said, listen son, I think that you've had all your fun,
it's time to be a man

So you better quit your bitchin', think about what the
people would say

[Chorus]

It's not on me, it's all on you

I can't prescribe, what you want me to

You need some sleep, you better leave

He walked over me

All over me, yeah

Wait until tomorrow and it's gone, so long

Wait until tomorrow, so long, it's gone

Wait until tomorrow, you beg and steal and borrow 'till
it's gone

[Bridge]

(He don't got a lot but he's got all he needs)

I need someone to love

(And all he's got, well it's all that he needs)

Somebody help me

'Cause I could use something to do, to get me through,
anything'll do, anything will do good by me

A little pill, a little thrill, a shot I'll take it I think I will,
anything will do good, so long as it's almost too good

Either way I don't give a damn what you people all say
[Guitar solo]
[Chorus]
It's not on me, it's all on you
I can't deny, the things I do
I can't believe, her pretty feet, walked over me
All over me, yeah
It's not on me, it's all on you
Here comes the time, to speak the truth
So you can see, me when I leave, walk over you
All over you, yeah
Badadada
Uh-huh, uh-huh
