I worry  
I wonder all the time  
Why worry?  
It's killing me  
Forget about it

I whisper  
"Remember what she did  
Don't miss her"  
Set me free  
She won't allow it

Angry and gone  
And the list goes on and on  
If it's love I will defer  
I'm being lost being with her

I can't move on  
I can't take it  
She, she says we won't make it now  
I can't move on  
I can't take it  
She, she says we won't make it now

Believing  
The things I did were wrong, I'm leaving  
It fades away  
Forget about it

She's binding  
Can't do a thing alone, rewinding  
Times before  
Can't live without it

Angry and gone  
And the list goes on and on  
If it's love I will defer  
I'm being lost being with her

I can't move on  
I can't take it  
She, she says we won't make it now

I can't move on  
I can't take it  
She, she says we won't make it now

I don't know  
But you did  
But you did  
But you did

Please don't go  
Now my feelings for you  
They're now lost  
'Cause we're through anymore  
I'll write you  
I'll call you  
Now

Being lost, being with her  
Being lost, being with her  
Being lost  
Forget about it

I can't move on  
I can't take it  
She, she says we won't make it now  
I can't move on  
I can't take it  
She, she says we won't make it now

(Repeat and fade until the end)
