(Our paths have crossed),
Once again,
It finally seems like you have lost your way,
You've finally lost your way,

(Your right back at the start)
Once again,
It seems like all your shit has gone full circle,
Life ain't our rehearsal,

(Far Away, Far away from home,)
We're so alone,
(Far Away, Far away from home,)
We're so alone,

Our paths have crossed again,
What do we do?,

Our paths have crossed,
What do we do?,
When I'm the opposite to you,

You chose the road,
That was best for you,
But I'm not surprised it did nothing,

(With these five words we're screaming,)
(We, Will, Not, Give, In)

Were the same,
The choices we make never feel just right,
They never feel just right,
(Your path has changed,)
All again,
It seems like all your work has been for nothing,
You must be proud of something?,

(Far Away, Far away from home,)
We're so alone,
(Far Away, Far away from home,)
We're so alone,

(Because in the end you were one in a million,
Repetition or not it was all a game,
In the end it was just a point of view,)
