You're feeling awkward, you're feeling cold.  
You feel there is someone watching you, oh no!  
Is this just a dream or is it true?

You're getting blind you can not see  
Every hour is filled with disbelieve  
Are my senses playing a trick on me?  
But, now is the time...

It's time to say...

Boo  
We're every you see  
Look out we might be real  
This time we got you caught up in a dream  
We're every you see  
Look out we might be real  
This time we got you caught up in a dream

You're feeling awkward, you're feeling blue  
You feel the world is spinning without you  
Like you were on a different plane

But, now is the time

It's time to say...

Boo  
We're every you...  
Is that all you want from me?  
Is this all that you can see?

We're everywhere you see  
Lookout we might real  
This time they got you  
Caught up in a dream

Boo  
We're every you see  
Lookout we might real  
This time they got you  
Caught up in a dream
