The scene has reoccurred to me again  
Where I don't want to dwell up on  
All the stupid things I've said and done in my life  
I just don't want to think about it.

Everytime I look above my shoulder  
You're still standing there  
Everytime I realise it's love I've found  
I'm falling down  
Falling, falling down and down  
And I'll fall until my feet hit the ground  
I'm falling, falling down and down

I could learn a thing or two or three  
On humility  
Now I see  
In this life that I was right but then I was wrong  
It was you on cue all along

Everytime I look above my shoulder  
You're still standing there  
Everytime I realise it's love I've found  
I'm falling down  
Falling, falling down and down  
And I'll fall until my feet hit the ground  
I'm falling, falling down and down  
I'm falling down. [x2]
