Left, right, left and I'm underway,
A hustle in my step, a hustle really can't convey.
Outdone, I wanna run to reach a place, the place I need
to be.
So I really should be keeping up the pace.
I surrender, now or never.

Why is it, what I should I don't?
Try to do right, not even close.
I know no-one is perfect.
I know no-one is perfect.

Pushing to keep my self in line,
Nothing can turn me back this time,
As I have come to expect.
When I try to make a change,
It feels like everything has stayed the same,
And I try to take the blame,
It feels like everything has stayed the same.
