I'll work my fingers to the bone  
But when I'm done I'm going home  
This job just isn't right for me  
Duress is not what I need  
Another day just like the last  
One year is gone and in the past  
A time I rather would forget  
I'll leave but not just yet.

Cause all I want is a holiday  
But I'll keep this up until I get paid  
I'm gonna leave this place and I won't look back  
I'll move on with life  
Now I'm done with that.

They say time flies when having fun  
Count down the hours 12 to 1  
It seems to take eternity  
There's somewhere else that I could be  
I made another big mistake  
It doesn't matter anyway  
He's quick to tell me when I'm wrong  
It just goes on and on.

All I want is a holiday  
But I'll keep this up until I get paid  
I'm gonna leave this place and I won't look back  
I'll move on with life  
Now I'm done with that.

Maybe this seems like a long shot  
Maybe there's something that I forgot  
Or maybe I think that I'm right when I'm not  
Maybe this seems like a long shot.
