I've been thinking about those times  
That I only wanted what was mine  
All those times you thought you were right.  
I remember a by-gone day  
When it never mattered anyway  
I remember the look in your eye.

So try and get it right this time  
And I promise I will too.  
Don't try and start a fight this time  
I'm starting to agree with you.

I was wrong  
I just wanted you to know that  
It will be alright  
So just sit tight

My opinion is only that  
Whether fiction or a known fact  
What I've got is my integrity.  
Arguing's so pointless to me  
And it isn't what I want to be.  
Let's agree to just disagree.

So try and get it right this time  
And I promise I will too.  
Don't try and start a fight this time  
I'm starting to agree with you.

I was wrong  
I just wanted you to know that  
It will be alright  
So just sit tight  
I was wrong  
I just wanted you to know that  
Everything will be alright  
It will be alright.

So much time we wasted then  
What was it for?  
I'm sleeping easier now  
That we don't fight anymore

So much time we wasted then  
Or was it pretend?  
I'm sleeping easier now  
That I don't have to defend

I was wrong  
I just wanted you to know that  
It will be alright  
So just sit tight  
I was wrong  
I just wanted you to know that  
Everything will be alright  
It will be alright. [x2]
