You said, you know that I will always
Be there for you.
You said, you'd be a sympathetic ear,
Any time I wanted to talk.

There's no disguising the truth
You've been hiding, away for so long.
Too long we've apart now.

You said, but you lied,
Glycerine tears poured from your eyes.
Deceiver, deceiver.

You said you'd comfort me at times
When I was sad and low.
You said you'd never ever leave,
You said you'd never go.

There's no disguising the truth
You've been hiding, away for so long.
Too long we've apart now.

You said I was the first,
Well that's the lie that hurt the most.

You changed the rules any time that it suited.
Never explained what you wanted me to do.
My love was like a hunger, an endless aching need.
Yours like the razor, that left my soul to bleed.

There's no disguising the truth
You've been hiding, away for so long.
Too long we've apart now.

Je suis tres desole, the words I wait
To hear you say.

Today, anniversary of my birth.
No word from you, is that all i'm worth.
Today, celebration of my life.
Your name, my flesh, your name, my knife.

There's no disguising the truth
You've been hiding, away for so long.
Too long we've apart now.

I never even spoke the words,
Now to pass my lips unheard.
