Tell me can you hear the crack from a hard life
breaking?
Can you see the flood from the waves of my regret?
Can you hear me, can you hear me, I've no more cards
to play
In a corner I surrender to your way, to your way

I don't want to live my life for less than nothing
I don't want to gain the world if I lose my soul
I want to have the chance to see, the change you can
work within me
Can you hear me, can you hear me, can you hear?

Can you smell the fear of a weak man caught in the
middle
In a struggle to the death as the spirit and the flesh
take sides
Can you hear me, can you hear me, I'm as weak as you
are strong
And though I lose the battle, I know the war is won...

I don't want to live my life for less than nothing
I don't want to gain the world if I lose my soul
I want to have the chance to see, the change you can
work within me
Can you hear me, can you hear me, can you hear?

Oh oh oh oh...

Wish you were here with me, wish you were here
Wish you could speak to me, speak to me
Can you hear me, can you hear me, I've no place left to
hide
I am open, I am broken, set me right, set me right...

I don't want to live my life for less than nothing
I don't want to gain the world if I lose my soul
I want to have the chance to see, the change you can
work within me
Can you hear me, can you hear me, can you hear me...

Oh oh oh oh...
