All Night  
A-all night.

I should be honest  
With myself;  
I don't want anybody  
Else.

I should just tell you  
How I feel,  
Right now.

I'm done pretending  
That I'm fine.  
I'm at your door, running  
Through my lines.

I wanna tell you, I wanna tell you  
That my heart just beats for you.

Turn me on, turn me off,  
Like a switch on the wall.  
I'm a toy you enjoy, but  
You're all I'm thinking of.

I'm off like a switch on a wall.  
I'm a mess, I confess, that you're  
All I'm thinking of.

All Night  
A-all Night.

It could be easy, plane to see.  
Why should I try to be  
Discreet?

I tattooed your lips on  
My wrist to remind myself  
How it felt when we kissed.

I wanna tell you, I wanna tell you  
This is crazy! And I can't let you!

Turn me on, turn me off like a switch  
On the wall. I'm a toy you enjoy, but  
You're all I'm thinking of!

I'm off, like a switch on the wall!  
I'm a mess, I confess, but you're all I'm  
Thinking of.

That you're all I'm thinking of.

But I can't get enough, and they  
Say "Just a crush, she's a lush,  
And she'll bring you down (b-b-bring you down)"  
And they say, "just a crush,  
She's a lush, and she'll bring you down  
(B-b-bring you down")

(Just a crush, just a crush, just a crush)  
My heart still beats for you.

Turn me on, turn me off,  
Like a switch on the wall. I'm  
A toy you enjoy, but you're all  
I'm thinking of.

I'm off like a switch on a wall.  
I'm a mess, I confess, that you're  
All I'm thinking of.

A-a-all all all all.  
Switch on a wall!  
That you're all I'm thinking of.

I'm off like a switch on wall!  
I'm a mess, I confess, that you're  
All I'm thinking of!

Turn me on, then turn me off.  
But your all I'm thinking of!  
Turn me on, then turn me off.  
But your all I'm thinking of!  
Turn me on, then turn me off.  
But your all I'm thinking of!
