Home, Ooooooh
Oooooohhh, Um

Sitting on my own
A long way from home
Its a distance from you
And I'm thinking about you too

Sitting on my own
A long way from home
Its a distance from you
And I'm thinking about you too

On the other side of the world
Alone without my girls
Time was on my side
Spoke to you on the phone
I hope you're all alone
If I had things my way...
But then I cant so let me say

Sitting on my own
A long way from home
Its a distance from you
And I'm thinking about you too

Sitting on my own
A long way from home
Its a distance from you
And I'm thinking about you too

Seems like its been so long
Can't remember where I'm from
My mission never ends
I've even made new friends

I know you're missing me
Thats the way its got to be
If I could come home for one more day...
But I cant so let me say

At this time I cannot feel you, I cannot see

They dont know I'm taken
I'm sticking for being free
But I'll never know if your heart is with another, ooh!
Its a distance from you
Its a distance from you

Sitting on my own
A long way from home
Its a distance from you

And I'm thinking about you too

Sitting on my own
A long way from home
Its a distance from you
And I'm thinking about you too

Its a distance, Its a distance
Its a distance from you

At this time I cannot feel you, I cannot see
They dont know I'm taken
I'm sticking for being free
But I'll never know if your heart is with another, ooh!
Its a distance from you
Its a distance from you

Sitting on my own
A long way from home
Its a distance from you
And I'm thinking about you too

Sitting on my own
A long way from home
Its a distance from you
And I'm thinking about you too

Sitting on my own
A long way from home
Its a distance from you
And I'm thinking about you too

Sitting on my own
A long way from home
Its a distance from you
And I'm thinking about you too

Its a distance from you
Its a distance from you
Its a ditance from you
And I'm thinking about you too

Its a distance from you
Its a distance from you
Its a distance from you
Its a distance from you
Its a distance from you
Its a dis -ahhhh
And I'm thinkin about you too
