Intro X6

Gotta get busy cos I know I'm down  
It's not unusual to get busy all night  
It's not unusual to show you how to do it right  
It's not unusual to wanna play games  
It's not unusual to do it in the pouring rain  
I gotta get busy  
Gotta get mine  
Take you to my room  
And do it all night  
I gotta get down and show you how to flow  
Listen carefully so next time you'll know  
Grab me by the waist as we fall to the floor  
Do it like a man give it to me hardcore  
No one else around just me and you  
Do Don't be shy boy do what you gotta go and get busy  
now

Chorus X2

I gotta get  
I gotta get  
I gotta get  
Gotta get busy cos I know I'm down  
It's not unusual to get busy everyday  
It would be cool if you know how to stand the pace  
It's not unusual to want 24 hour fore play

Day and night, Night and day, day and night 24/7, 365

Days

Do it on the floor  
Do it on a train  
Do it in the bed and the love is still the same  
Do it in an elevator when no one's around  
Do it anywhere cos I know I'm down  
Put my legs around your neck as you struggle to  
breathe  
It's not unusual put your head between my knees  
Take a short break and sip champagne  
But not for too long as we start it all again so get busy  
now  
(rap)  
It's not unusual for me to get down boo  
Tight body lace and negligee that is see-through

Your place no problem  
Let me tease you true player mission I am to please you  
Gotta get busy looking edible  
Ain't no doubt about the chemistry is sexual  
what you're you just incredible  
Written by Shaznay Lewis and Karl 'K-Gee' Gordon.
