I like to say it's good to see you,  
An old face from the past,  
Reminding me of moments,  
The times where we were all mad,  
Times we stuck together,  
Times we fell apart,  
Memories to be prouder,  
I treasure here in my heart.  
Yeah.

And now I see you (see you, hear you)  
I realize how we have changed,  
How much I've missed you (you.....)  
Our memories of the past stay the same....

I remember, baby, when you were mine,  
I remember (I remember)  
I remember, baby, back in time,  
I remember.

We partied long ago, I can't believe that you're here,  
Remember we said our last goodbyes, and we she'd  
our last tears,  
Years throughout I'd forgotten you, suddenly you  
appear,  
Schooldays are good to remember, memories will last  
forever.

And now I see you (see you, hear you)  
I realize how we have changed,  
How much I've missed you (you.....)  
Our memories of the past stay the same....

I remember, baby, when you were mine,  
I remember (I remember)  
I remember, baby, back in time,  
I remember.

I remember, baby, when you were mine,  
I remember,  
I remember, baby, back in time,  
I remember.

I remember, baby, when you were mine,  
I remember (I remember)  
I remember, baby, back in time,  
I remember (I remember).

I remember, baby, when you were mine,  
I remember (I remember)  
I remember, baby, back in time,  
I remember (I remember).
