What is this?  
Numbers in your pocket  
I remember when you  
Used to throw those things away  
Why do you wanna keep in touch now?  
Who gave you a reason?  
To act so shady

Baby you know  
You can call me anytime  
Anything you needed I would give it to you  
Ooh, that's how much I care for you  
You wanna act now  
Never call me back now  
Turning off your cell phone  
Girl you know that ain't cool  
Yes I don't understand baby

(Prodigy)  
Let's do it, come on  
Listen, what ever happen to us  
The love, the lust  
We don't even kiss no more  
It's nuttin like before  
Now it's more pain than joy  
It's makin me sick  
Who'd evea think we be goin through this  
Sunny dayz, everybody loves dem  
But can we get through this lil bit of rainin  
Damn, we stay arguin  
So I guess this is it, it's so foul  
How we can't work this out, it's over now

Chorus:  
Baby it's a shame we gotta go through this  
We can't even talk  
Girl we don't even kiss  
I never would've thought  
We'd be breaking up like this  
But it's over now  
It's over now

You think that I don't know what's going on  
Cause you're always home alone  
And I'm always out of town  
You need to stop trying to play me  
Cause you can't even fade me  
I know you're messing around baby

Baby you know  
You can call me anytime  
Anything you needed I would give it to you  
That's how much I care for you baby  
You wanna act now  
Never call me back now  
Turning off your cell phone  
Girl you know that ain't cool  
Oh I don't understand baby

Repeat Chorus (X2)

Baby it's a shame  
A shame that we go through  
The things that we go through  
When you're in love with me  
And I'm in love with you  
I think that we should talk about our problems  
Instead of running away  
Oh baby it's a shame  
We couldn't work it out  
Forgot what love was all about  
And the feelings we had from the start  
My heart will always be with you, oh  
Girl it's over

Repeat Chorus till end
