Oooh, Oooh  
Oooh, Oooh  
Oooooh  
The name: All Saints  
The year: 2000  
Good or bad?  
Saints or Sinners?

Fast? Slow?  
Stop? Go?

I got the strangest feelin'  
I refuse to believe in  
I got the strangest feelin'  
Feeling you remindin' me  
Deeper down you're desirin' me

I'll befriend you, (I'll befriend you)  
I'll try to pretend to (Try to pretend to)  
Have your interests at heart  
Promise to take you far  
Open up your mind  
Are you ready for the ride?

Do you wanna go fast?  
Do you wanna go slow?  
Do you wanna stop?  
Do you wanna go?  
Are you ready?  
Do you wanna taste me?

You cant waste me, love me, hate me  
You can go up, but you gotta come down.  
Aint no joke,  
I aint foolin' around  
Things some to test you,  
I'm about to let you  
Make you have a good time,  
Make you lose your mind

Baby you can run,  
But you know you cant hide

Are you a saint,  
Or a sinner inside  
I will take you by your soul,  
Make you lose control  
If you're capable to see  
I'll take you where you've never been

Oooh, Oooh  
Oooh, (Are you ready for the ride?) Oooh  
Oooooh  
Please forgive me

Can I ask you a question? (Yeah, Yeah)  
An irrelevant question? (Uh-huh)  
I got a feelin pretty deep  
Feelin' that I wanna keep,  
Feelin we wont get no sleep

I wanna let you (Want to let you)  
Do what you want to (Do what you want to)  
Theres a million reason why,  
You're gonna fry tonight (True)  
Baby hold on tight,  
Are you ready for the ride?

Do you wanna go fast?  
Do you wanna go slow?  
Do you wanna stop?  
Do you wanna go?  
Are you ready?  
Do you wanna taste me?

You cant waste me, love me, hate me  
You can go up, but you gotta come down.  
Aint no joke,  
I aint foolin' around  
Things some to test you,  
I'm about to let you  
Make you have a good time,  
Make you lose your mind

Baby you can run,  
But you know you cant hide  
Are you a saint,  
Or a sinner inside?  
I will take you by your soul,  
Make you lose control  
If you're capable to see  
I'll take you where you've never been

You can go up, but you gotta come down.

Aint no joke,  
I aint foolin' around  
Things some to test you,  
I'm about to let you  
Make you have a good time,  
Make you lose your mind

Baby you can run,  
But you know you cant hide  
Are you a saint,  
Or a sinner inside?  
I will take you by your soul,  
Make you lose control  
If you're capable to see  
I'll take you where you've never been

Baby you can run,  
But you know you cant hide  
Are you a saint,

You can go up, but you gotta come down.  
Aint no joke,  
I aint foolin' around

But you know you cant hide  
Are you a saint,
