Twenty four seven, love...

If you want me to do you right  
You're gonna have to love me day and night  
Twenty four seven, love  
You know just what I need, it's what I need  
If you want me to do you right  
You're gonna have to love me day and night  
Twenty four seven, love  
You know just what I need, it's what I need

In the morning, in the evening,  
In the winter, spring or summer  
What if it's early, or it's late  
It doesn't matter, any time  
Tender loving, sweet devotion  
Every second, minute, hour  
I'll be waiting for you  
You can put your loving on the line

Take me in your arms and let me know that it's alright  
Look into my eyes and let me see you deep inside  
Twenty four hours a day, seven days a week  
I get to feel you here beside me  
I get to hold and squeeze you tight

If you want me to do you right  
You're gonna have to love me day and night  
Twenty four seven, love  
You know just what I need, it's what I need  
If you want me to do you right  
You're gonna have to love me day and night  
Twenty four seven, love  
You know just what I need, it's what I need

I've been praying, asking, saying  
Send me some more like you just for me  
Someone special, I belong to  
I could be yours and you'd be mine  
Quiet moments, filled with passion  
In my heart, you know I'm yearning  
All to please you, touch you

Send me your loving right on down

Take me in your arms and let me know that it's alright

Look into my eyes and let me see you deep inside  
Twenty four hours a day, seven days a week  
I get to feel you here beside me  
I get to hold and squeeze you tight

If you want me to do you right  
You're gonna have to love me day and night  
Twenty four seven, love  
You know just what I need, it's what I need  
If you want me to do you right  
You're gonna have to love me day and night  
Twenty four seven, love  
You know just what I need, it's what I need

If you want me to do you right  
You're gonna have to love me day and night  
Twenty four seven, love  
You know just what I need, it's what I need  
If you want me to do you right  
You're gonna have to love me day and night  
Twenty four seven, love  
You know just what I need, it's what I need

If you want me to do you right  
You're gonna have to love me day and night  
Twenty four seven, love  
You know just what I need, it's what I need  
If you want me to do you right  
You're gonna have to love me day and night  
Twenty four seven, love  
You know just what I need, it's what I need

If you want me to do you right  
You're gonna have to love me day and night  
Twenty four seven, love  
You know just what I need, it's what I need  
If you want me to do you right  
You're gonna have to love me day and night  
Twenty four seven, love  
You know just what I need, it's what I need
