24/7 love.....

If you want me to do you right
You're gonna have to love me day and night
24/7 love you know just what I need is what I need
If you want me to do you right
You're gonna have to love me day and night
24/7 love you know just what I need is what I need

In the morning, in the evening
In the Winter, Spring or Summer
What if its early, or it's late
It doesn't matter, any time
Tender loving, sweet devotion
Every second, minute, hour
I'll be waiting for you
Come put your loving on the line

Take me in your arms and let me know that it's alright
Look into my eyes and let me see you deep inside
24 hours a day, 7 days a week
I need to feel you here beside me, I need to hold and
squeeze you tight

If you want me to do you right
you're gonna have to love me day and night
24/7 love you know just what I need is what I need
If you want me to do you right
you're gonna have to love me day and night
24/7 love you know just what I need is what I need

I've been praying, asking, saying
Send someone like you just for me
Someone special I belong to
I could be yours and you'll be mine
Quiet moments, filled with passion
In my heart you know I'm yearning
Want to please you, touch you
Send me your loving right on down

Take me in your arms and let me know that it's alright
Look into my eyes and let me see you deep inside (see

you deep inside)
24 hours a day, 7 days a week
I need to feel you here beside me, I need to hold and
squeeze you tight

If you want me to do you right
you're gonna have to love me day and night
24/7 love you know just what I need is what I need
If you want me to do you right
you're gonna have to love me day and night
24/7 love you know just what I need is what I need

If you want me to do you right
you're gonna have to love me day and night
24/7 love you know just what I need is what I need
(what I need)
If you want me to do you right
you're gonna have to love me day and night
24/7 love you know just what I need is what I need
(oooh)

If you want me to do you right
you're gonna have to love me day and night
24/7 love you know just what I need is what I need
(oooh)
If you want me to do you right
you're gonna have to love me day and night (gonna
have to love me)
24/7 love you know just what I need is what I need

If you want me to do you right (riiiight)
you're gonna have to love me day and night
24/7 love you know just what I need is what I need
If you want me to do you right
you're gonna have to love me day and night
24/7 love you know just what I need is what I need

Yeahhh
Ooh, baby

-fade out-
