And then I looked outside
And saw the lights flashing
Time to get the hell outta here
And when I looked behind
Everyone was chanting
WE ARE ONE, WE HAVE NO FEAR
We are the champions of the great east side
With our hearts so big, and our heads up high
This the last song, the one reigning our names
It feels so right, Knowing everythings alright

Oh No
Situations gone so wrong
Ut Oh
I don't Know How Long
& Oh No
It's never enough
Ut Oh
This could be problem for the ones

This time around
Tonight will last forever
Graduation day is near
Time of our lives
We are best friends forever
This partys one for the years
Growing up in such troubled times
Never forget who stood by my side
Were gonna make it out alive
Were gonna make it out, tonight
