Out of my way,
For the last time, you won't break me
(You wanna break me)
Why wouldn't you try on, or get in the game
But I won't fall
As the presence, her presence is consumed by your
shadow
We're here to wake up
1, 2, 3, 4

So take some notes and you can step aside
While we hand you a lesson that you won't learn
Oh no, it looks like you were trying

As I sweat from the grasp of your groundfall, so will
you
And like a dying he'll plead for another day
You will too
Don't fall back now
Toss out your pattern, don't break me

So take some notes and you can step aside
While we hand you a lesson that you won't learn
Ooh no, it looks like you were trying
And I don't need to give a reason or lie
I'll make myself look bigger in the flashing lights
So take some notes and you can step aside
While we change the world

{?}
I've been trying
Hold on, I can try
You can take some notes
I'm having troubles to keep this ship afloat
I've been trying
Ooh
I've been trying

So take some notes and you can step aside
While we hand you a lesson that you won't learn
Ooh no, it looks like you were trying
(Were trying)

And I don't need to give a reason or lie
I'll make myself look bigger in the flashing lights
So take some notes and you can step aside
While we change the world
Ooh ooh
Ooh ooh
Ooh ooh
