Where do you draw the line?  
You think you can walk all over me?  
Go ahead and tell the world I'm dead  
It won't make a difference

I'm coming to find you  
We're all coming to find you  
I'm coming to find you  
We're all coming to find you

Our time has come  
We're taking over  
We're done with being patient  
No time for second chances

There's nowhere to run  
Nowhere to hide  
You only have one option  
Come out here and face me like a man

I'm coming to find you  
We're all coming to find you  
I'm coming to find you  
We're all coming to find you

Our time has come  
We're taking over  
We're done with being patient  
No time for second chances

So listen up now  
We're taking over  
We're done with being patient  
It's time to take a stand

You think you control me?  
Well, I can't be stopped!

I can't be stopped!

This pain is coming to an end!  
This pain is coming to an end!

Our time has come  
We're taking over  
We're done with being patient  
No time for second chances

So listen up now  
We're taking over  
We're done with being patient  
It's time to take a stand
