Trade myself in before I get put down again
I pray to God that it won't be long until this cycle ends
I'm on my knees from this disease
There must be easier ways to please
Trade myself in before I get put down again

I can't seem to find my way back home
This is the hardest thing that I have ever done, before

We're not the enemy, we are the same as you
We're not the enemy, the hardest thing to do is let go

Fuck myself up before I get put down again
I swear to God that it won't be long until this cycle ends
I'm on my knees from this disease
There must be easier ways to please
Trade myself in before I get put down again

I can't seem to find my way back home
This is the hardest thing that I have ever done, before

We're not the enemy, we are the same as you
We're not the enemy, the hardest thing to do is let go

The hardest thing to do is let go (the hardest thing to do is let go)
The hardest thing to do is let go (the hardest thing to do is let go)

We're not the enemy, we are the same as you
We're not the enemy, the hardest thing to do is let go

We're not the enemy, we are the same as you
We're not the enemy
