Come on!

Lay down your head,
And sleep with me tonight,
Lay in this bed

Recall the black book, I'll forget you
Complaining to myself to leave this,
Behind my smile, will be a lie,
For why you are gone

Come on have some selflessness
Don't give into arrogance
Sleep with peace tonight
[I'm waiting for the day]
We're gonna win this fight

You've found your better man,
I've been waiting for the day

We're gonna win this fight.

Lay down your head
And sleep with me tonight
Lay in this bed
Lay down your head
And sleep with me tonight
Lay in this bed

Woah!

Don't worry, I've let you go
Long before you left me.
