I think Iâ'm in love  
Maybe just infatuated  
With a girl named Lola Foxxx

And even without  
Three Xâ's in her name  
Sheâ'd blow me right outta my shoes  
And my socks

Cz that girlâ's got style and that girlâ's got moves  
So I thought I could talk to her  
Cz I got nothing to lose  
Mm, mm, mm, mm, mm, mm  
I got nothing to lose  
Mm, mm, mm, mm, mm, mm  
I got nothing to lose  
Mm, mm, mm, mm, mm, mm  
I got nothing to lose  
Mm, mm, mm, mm, mm, mm  
I got nothing to lose  
Mm, mm, mm, mm, mm, mm  
I got nothing to lose  
Uh, uh, uh, uh, uh, uh

I was working backstage at the Manns  
She was laying on the couch with her shirt on her head  
I sat down and said â"Lola Foxxx,  
You gotta listen  
I thought of a song title  
And I need your opinionâ"

Letâ's undress and listen to CSS  
I saw it out by now  
And itâ's pretty good, I guess  
Letâ's undress and listen to CSS

You should come to the club later  
In the hours of stress  
We could tell everyone there to undress

Listen to CSS  
Letâ's undress and listen to CSS

Uh, uh, uh, uh, uh, uh  
Uh, uh, uh, uh, uh, uh

Lola Foxxx was tired  
From her ongoing tour  
She needed some time to rest  
So that she could endure  
So I went by myself to meet up with some friends

And this song is for Lola Foxxx  
Until we meet again  
Until we meet again  
Until we meet again  
Until we meet again  
Until we meet again

Let's undress and listen to CSS  
I saw it out by now  
And it's pretty good, I guess  
Let's undress and listen to CSS  
You should come to the club later  
In the hours of stress  
We could tell everyone there to undress

Listen to CSS  
Let's undress and listen to CSS  
Let's undress and listen to CSS
