I never knew our love would subside like meaningless acts of sexual pride.

Just like the page of a coloring book, gone out of the lines and don't even

Look.

But know that I know that someone else's hand guided yours.

Forgiven, erased then tossed out and thought of no more.

I know a thing or two about  
You are the one who feels for  
Me I'm the one who can bring us together.

I always thought your love wouldn't fade.  
You promised forever and that's why I stayed.  
But our love is spent, an old burnt our fuse.  
It's been replaced but it's for him to use.

I will be the piece of the puzzle you couldn't find.  
I would go through hell and back just to salvage what's mine.

I know a thing or two about  
You are the one who feels for  
Me I'm the one who can bring us together.

The page has been found long since erased.  
His hand is gone mine in his place.  
The puzzle complete, the piece fits just right.  
My only wish to hold you tonight.

I know a thing or two about  
You are the one who feels for  
Me I'm the one who can bring us together.
