One little smile is all it took.
That one quick smile the same
cute look that I'd get from you
a million times before. I've seen
ya laugh, I've seen you cry, I've
seen you all in the blink of an eye
that night in my dreams.

And now I think about those times
that I've never spent with you,
looking back on all the things I
never said I'd do.

But if I did believe me girl I'd do
it like tomorrow was the end of
the world or the end of me and
you.

I hope you find x3
whatever it is
you're looking for.
The hardest words x3
I never
said before.
And now I think about those times
that I never spent with you,
looking back on all the things I
never said I'd do.

But if I did believe me girl I'd do
it like tomorrow was the end of
the world or the end of me and
you.

I hope you find x3
whatever it is
you're looking for.
The hardest words x3
I never
said before.

Some day, might be a better day.

Somehow I'll find a way a way to
make you stay. x2

Some day yes some day
I might find a way to make you stay
Some day might be a better day for you x2
