My my sweet Mona Lisa  
She's got a smile that could  
Turn my life around  
And I can't wait to see her  
Pretty little face  
It's turning heads up in this place

This is where  
We turn the lights off  
Nicotine and hops  
Turn the night on  
So I'm moving in cautious and slow  
And this is how  
How our night goes  
So believe in me

Believe in me when I say  
That she is the one for me.  
Believe in me when I say  
That she is the one for me.

My my sweet Mona Lisa  
She's got a smile that could  
Turn my life around  
And I can't wait to see her  
Pretty little face  
It's turning heads up in this place

My my sweet Mona Lisa  
She's got a smile that could  
Turn my life around  
And I can't wait to see her  
Pretty little face  
It's turning heads up in this place

This is when I say I need her  
This is where she stops and pays more attention  
So I've gotta hear all my feelings show  
And maybe now she'll see  
Where all my time goes

And maybe she believes in me when I say

That she is the one for me.

My my sweet Mona Lisa  
She's got a smile that could  
Turn my life around  
And I can't wait to see her  
Pretty little face  
It's turning heads up in this place

My my sweet Mona Lisa  
She's got a smile that could  
Turn my life around  
And I can't wait to see her  
Pretty little face  
It's turning heads up in this place
