It was late yeah but you were awake
You asked for a cigarette, then asked me to stay
The scent that you wore sent dirty thoughts to my brain
Yeah your smile drove me insane
It was then we got lost in a dream,
When we woke we found some distance between
Yeah cuz, you keep running, you keep running away

I'm ready to fall, and I am,
I'm ready to take, what I can
I Keep running, I Keep running away

It was raining when you told me leave
You were complaining I was out of your league
The night it was draining, I was feeling fatigued
So I nodded off to sleep
It was then I saw the light from the sun,
When I woke up I knew the magic was gone
All cuz, you keep running, you keep running away

I'm ready to fall, and I am,
I'm ready to take, what I can
I Keep running, I Keep running away

I'm ready to fall, and I am,
I'm ready to take, what I can
I Keep running, I Keep running away

Can we live this moment over again,
I know we're not lovers but we can pretend
We can sail across the world in the sheets of your bed,
(Ohhh, Yeah)

Can we live this moment over again,
I know we're not lovers but we can pretend
We can sail across the world in the sheets of your bed
(WOAH) Just pretend

Can we live this moment over again,
I know we're not lovers but we can pretend
We can sail across the world in the sheets of your bed
(Ohhh, Yeah)

Can we live this moment over again,
I know we're not lovers but we can pretend
We can sail across the world in the sheets of your bed
(Ohhh, Yeah)
