"A Daydream Away"

I wish you could see your face right now
'Cause you're grinning like a fool
And we're sitting on your kitchen floor
On a Tuesday afternoon
Doesn't matter when we get back
To doing what we do
'Cause right now could last forever
Just as long as I'm with you

You're just a daydream away,
I wouldn't know what to say if I had you.
And I'll keep you a daydream away,
Just watch from a safe place,
So I never have to lose...

We would go out on the weekend
To escape our busy lives
And we'd laugh at all the douche-bag guys
Chasing down their desperate wives
I would drink a little too much
And you'd offer me a ride
I would offer you a t-shirt
And you would stay another night

You're just a daydream away,
I wouldn't know what to say if I had you.
And I'll keep you a daydream away,
Just watch from a safe place,
So I never have to lose...

We never stood a chance out there
Shooting love in real-time
So we'll take it over ice tonight
With a little salt
And a little lime

You're just a daydream away
I wouldn't know what to say if I had you
And I'll keep you a daydream away
Just watch from a safe place
So I never have to lose...

You're just a daydream away
I wouldn't know what to say if I had you
