Busted plans and cigarettes
Nights and days I won't forget
Sleeping on my best friend's floor
With everything to ask for
Clear skies and sing-a-longs
I ask myself what could go wrong
A thousand times I would go back
You only have to ask

Come with me I'll take you there
To a place where we don't have to care
We'll sit and watch the world go by
Welcome to my paradise

Sleeping in and alcohol
Crowded city streets
Flashing lights, shattered dreams
A paradise it seems

Take my hand and follow me to a better place
A place I call my own sweet home
A place to call my own

Come with me I'll take you there
To a place where we don't have to care
We'll sit and watch the world go by
Welcome to my paradise

Come with me I'll take you there
To a place where we don't have to care
We'll sit and watch the world go by
Welcome to my paradise

Come with me I'll take you there
To a place where we don't have to care
We'll sit and watch the world go by
Welcome to my paradise
