Safe little house  
Safe little friends  
Safe little thoughts to keep you safe  
From all those big bad wolves  
That eat you up (aww shit)  
Safe in your room  
Safe as a tomb  
Sleep in a coffin made of glass  
It takes a big façade to hide the cracks

Can you make, this last  
'Cause now I'm not so sure  
Are you up, to the task  
Sometimes the sickness is the cure  
You're searching so hard  
You've lost yourself

Does it help you to play  
As you're wasting away  
Like a silver-screen cliché  
'Cause after all we're actors on a stage  
(O-oh, o-oh; o-oh, o-oh)  
Would it help you to wait  
For the moment to break  
Is it real or is it fake?  
All we are just chapters on a page  
(O-oh, o-oh; o-oh, o-oh)  
'Cause after all, we're actors on a stage

Here in the now  
Shedding the doubts  
There'll be no past or future tense  
Regrets are waste of time  
And plans will change  
(Plans will always change)  
Oh, some for the worst, some for the best  
You know you can't always get your way,  
So worried about what's next  
You lost today (Oh, you lost today)

Can you make, this last  
'Cause now I'm not so sure,

Are you up, to the task  
Sometimes the sickness is the cure  
(The sickness is the cure)  
You're searching so hard  
You've lost yourself

Does it help to play  
As you're wasting away  
Like a silver-screen cliché  
'Cause after all we're actors on a stage  
(O-oh, o-oh, o-oh, o-oh)  
Would it help you to wait  
For the moment to break  
Is it real or is it fake?  
All we are just chapters on a page  
(O-oh, o-oh, o-oh, o-oh)  
'Cause after all we're actors on a stage

Can you let yourself  
Can you let yourself  
Will you let yourself  
Will you let yourself  
Let go, let go  
Can you let yourself  
Can you let yourself  
Would you let yourself  
Just let yourself  
Let go, let go

Safe little house  
Safe little friends  
Safe little thoughts to keep you safe

Does it help you to play  
As you're wasting away  
Like a silver-screen cliché  
'Cause after all we're actors on a stage  
(O-oh o-oh, o-oh o-oh)  
Would it help you to wait  
For the moment to break  
Is it real or is it fake?  
All we are just chapters on a page  
(Chapters on a page)

Does it help you to play  
As you're fading away  
Like a memory  
'Cause all we are just chapters on a page  
(Chapters on a page)  
And after all we're actors on a stage
