Can I pick you for another night on the North Shore  
Do you even want to see my face again?  
I'm a waste of chances, full of bad romances  
Your favorite enemy and your most hated friend

When it hurts, it hurts  
Wonder if it's worth it  
When it works, it works  
And when it's broke, it's perfect

Whoa, never to seem please you  
No, don't you ever let me go  
I know your heart is shut, shut, shut  
Don't you know nothing's gonna change us?  
Girl, all because I like you just the way you are  
And you like me just the way I'm not

You're a classic case of foolish, young and in love  
But you don't even know what love could do to us  
We are brash and reckless made of glass and careless  
Break apart the moments, we both feel too much

When it hurts, it hurts  
Wonder if it's worth it  
When it works, it works  
And when it's broke, it's perfect

Whoa, never to seem please you  
No, don't you ever let me go  
I know your heart is shut, shut, shut  
And don't you know nothing's gonna change us?  
Girl, all because I like you just the way you are  
And you like me just the way I'm not

Opposites distract, we fall between the cracks  
Forget about each other till we get each other back  
Opposites distract, we fall between the cracks  
Forget about each other till we get each other back  
And opposites distract, we fall between the cracks  
Forget about each other till we get each other back

Whoa, I never to seem please you

No, don't you ever let me go  
I know your heart is sh

Whoa, never to seem please you
