I half remembered, half way across the wall
Twice removed from a second own
The shadow of a ghost in an old horn
Where the leaf found life cause I can't afford to
own
When being young starts getting old
A New face, same place, or so I'm told
Be the new kid, on an old block
A chalk outline on a plane ground block so

I'm just a moment, so don't let me pass you by
We could be a story in the morning, but we'll be a
legend tonight
I'm just a moment, so don't let me pass you by
Make 'em speak our names in a dead lane which
Cause you and I, we're alive
But just for the moment

I'm twice the man that I was yesterday
Half the time, I'm a world away
A flicker of a soul casting silhouettes
On the face of a town that could not get me to stay
And when the spark's gone, former lovers just
looking for a bus to throw me under
I'll be the new kid on an old block
A chalk outline on a plane ground block so

I'm just a moment, so don't let me pass you by
We could be a story in the morning, but we'll be a
legend tonight
I'm just a moment, so don't let me ^á—ass you
by
Make 'em speak our names in a dead lane which
Cause you and I, we're alive
But just for the moment
Just a moment

When being young starts getting old
A New face, same place, or so I'm told
I'll Be the new kid, on an old block
A chalk outline on a plane ground block so

I'm just a moment, so don't let me pass you by
We could be a story in the morning, but we'll be a
legend tonight
I'm just a moment, so don't let me pass you by
Make 'em speak our names in a dead lane which
Cause you and I, we're alive
But just for a moment
Just for the moment
Just for the moment
