

## All Time Low "Stay Awake"

Visit "[Stay Awake](#)" on MotoLyrics.com

Caught in a cold sweat  
Stuck splitting hairs  
I'm drinking too much i'm on my way to striking out  
Go to sleep with the pressure of everyone  
Watching and waiting they're yours for the taking  
But i still have my doubts

before you ask which way to go  
Remember where you've been

Stay awake  
Get a grip and get out your safe  
From the weight of the world just take  
A second to set things straight  
I'll be fine  
Even though i'm not always right  
I can count on the sun to shine dedication takes a  
lifetime  
But dreams only last for a night

Figure it out  
Boy you're tripping so pull yourself together  
Or you'll wash up like the rest  
Cause this ship is sinking  
I'm thinking, i'm done for  
I watch as the sails disappear under water  
Cause i'm no captain yet

before you ask which way to go  
Remember where you've been  
Stay awake  
Get a grip and get out your safe  
From the weight of the world just take  
A second to set things straight  
I'll be fine  
Even though i'm not always right  
I can count on the sun to shine  
Dedication takes a lifetime  
But dreams only last for a night

Believe you me  
I'll give them anything

Id tell them anything  
To show them everything  
Believe you me  
I'll give them anything  
Id tell them anything  
To show them everything

You ain't the only one's who wanna live it up!  
You ain't the only one's! [ x4]

Stay awake  
Get a grip and get out your safe  
From the weight of the world just take  
A second to set things straight  
I'll be fine  
Even though i'm not always right  
I can count on the sun to shine  
Dedication takes a lifetime  
But dreams only last for a night
