Woah Woah Woah

Rush of the past  
I quietly crash and the tables turn  
You're beautiful strange  
Defiantly brash  
Be careful now

Kid you're a cut above  
Always just a cut above the rest

If there's something left to be learned  
Then my time is running  
Why should I waste it all? Wasted on you  
I shouldn't be trusted,  
To live and let go  
When the last of my cities have burned  
Then what's left in nothing  
Why did I waste it all? Wasted on you?  
I couldn't be trusted,  
To live and let go

Woah woah woah

Fill in the blanks  
Pencil on paper, disposable  
Throw away lines  
Intentional but unbelievable

Kid you're a cut above  
Always just a cut above the rest  
Oh

If there's something left to be learned  
Then my time is running  
Why should I waste it all? Wasted on you  
I shouldn't be trusted,  
To live and let go  
When the last of my cities have burned  
Then what's left in nothing  
Why did I waste it all? Wasted on you  
I couldn't be trusted,

To live and let go

Shaken and tried  
Fade and resign as the tables turn  
Let slip away, the renegade life  
You've been dreaming of

Kid you're a cut above  
Always just a cut above the rest

If there's something left to be learned  
Then my time is running  
Why should I waste it all? Wasted on you  
I shouldn't be trusted,  
To live and let go  
When the last of my cities have burned  
Then what's left in nothing  
Why did I waste it all? Wasted on you?  
I couldn't be trusted,  
To live and let go

Woah woah woah  
Woah woah woah
