Waited so long,  
Waited time and again just to hear you say those  
unspoken words.  
It's not too late,  
This decision that you have made.  
I will show you that it is not a mistake.

Say it again, say it again, say it again. [x2]

For a while I was in denial.  
I never thought there could be something more than  
what we had.  
It's not too late,  
it took me by surprise  
and I knew it was real by the look in your eyes.

These three words!  
These three words I hear from you.  
These three words!  
These three words I feel for you.

Waited so long, waited for you.  
Your feelings have caught up  
and now I am waiting for you to  
say it again, say it again, say it again.

This is the way it is supposed to be.  
For me there is no one else.  
I feel so lucky to have you in my life.

These three words!  
These three words I hear from you.  
These three words!  
These three words I feel for you.
