Another chance has come and gone  
And I allowed my faith to fade into the background  
How can I claim to be like your Son  
And keep hanging on to what I know  
He died to free me from?

I'm tired of blending in  
I'm tired of being one of the crowd  
While everyone knows my name  
Nobody knows my God

Chorus:

I don't want to be another camouflage soul  
'Cuz I've been that way to long  
I don't want to be another camouflage soul

I finally realize the danger in sitting on the sidelines  
Conformity is failure  
I have the disguise to look the part  
But I don't want to wear  
Your cross around my neck  
And not have Your peace in my heart  
I'm tired of blending in  
I'm tired of being one of the crowd  
While everyone knows my name  
Nobody knows my God

I've got a change of heart  
And I won't change my mind  
I'm ready for a brand new start  
Now I've got to change my life  
Denying You is like saying that the world is flat  
Why would I do that?  
Turn my back on what You've done for me  
Never again

Now I've got this bracelet  
Asking me what would He do...  
If He were in my shoes,  
He never wouldn't have walked both sides of the fence

I've got a change of heart

And I won't change my mind  
I'm ready for a brand new start  
Now I've got to change my life
