Chorus:

I found the answers  
You need are you listening?  
I'll tell you the truth about God  
My eyes haven't seen Him  
These hands haven't touched Him  
I've never seen the wind  
But I felt the breeze today  
I don't know where it came from  
And I don't know where it went  
But this kite can't deny it's in the sky

Just like a lost man  
Stumbling through the scorching sand

With flashes and mirages all around  
The sun is going down  
And everything he's found  
Has left him further out than when he begun

Bloody are his fingers  
And sweat drips from his brow  
He's got it in his mind  
That, digging deeper, he will find  
Satisfaction in the sand dripping from his hands  
But you don't hear me
